DATA DRIVEN

Actionable insights improve performance.

SCALABLE

From small offices to global enterprises.

VISITOR MANAGEMENT

Seamless visitor experiences. **Secure access.** Complete visibility.

Integrate Vpod Smart Lockers with leading visitor management platforms to automate registration, issue digital credentials and enable secure self-service storage.

Modern visitor management
for smarter workplaces
and buildings.

Proxyclick

Trusted visitor management
platform for secure, connected
workplace experiences.

INTEGRATED.

AUTOMATED.

CONNECTED.

CONNECTED WORKFLOW

1

VISITOR REGISTRATION

Visitor registers in
FacilityOS or
Proxyclick.

2

DIGITAL CREDENTIAL

Visitor receives a
digital credential
(email, QR code
or PIN).

3

ACCESS LOCKER

Visitor uses their
digital credential
to access the
smart locker.

4

STORE BELONGINGS

Visitor stores their
belongings securely
and continues
their visit.

5

COLLECT & DEPART

Visitor returns,
authenticates
and collects their
belongings.

BENEFITS FOR YOUR ORGANISATION

ENHANCED SECURITY

Verified visitors and secure
locker access.

IMPROVED EFFICIENCY

Automated workflows
reduce staff workload
and queues.

REAL-TIME VISIBILITY

Live reporting of visitor
activity and locker usage.

BETTER EXPERIENCE

Seamless, self-service
storage for visitors.

SEAMLESS INTEGRATION

Native integrations with
FacilityOS and Proxyclick.

WORKPLACE & HR

Smarter workplace. **Connected** people.

Vpod integrates seamlessly with leading workplace and HR platforms to streamline access, automate workflows and enhance employee experience.

SECURE

Integrated identities ensure only authorised users access lockers.

AUTOMATED

Sync users and permissions, reduce manual admin.

EFFICIENT

Faster onboarding, seamless access, improved productivity.

EMPLOYEE CENTRIC

Convenient, self-service access to equipment and resources.

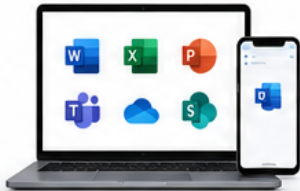

ONE IDENTITY. ONE EXPERIENCE. COMPLETE CONTROL.

Empower your people with secure, integrated locker access.

SEAMLESS INTEGRATION WITH YOUR WORKPLACE ECOSYSTEM

Microsoft 365

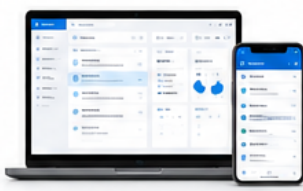

Leverage Microsoft 365 identities for secure authentication and seamless user management.

- ✓ Single Sign-On (SSO)
- ✓ User provisioning
- ✓ Group & role management
- ✓ Audit & reporting

Outlook

Send locker access credentials and notifications directly via Outlook.

- ✓ Access links via email
- ✓ Booking confirmations
- ✓ Pickup reminders
- ✓ Expiry notifications

Exchange

Integrate with Microsoft Exchange for directory sync, policies and email workflows.

- ✓ Directory & contact sync
- ✓ Email policies
- ✓ Resource mailboxes
- ✓ Compliance & security

CONNECTED WORKPLACE WORKFLOW

1

USER CREATED

New employee added in Microsoft 365 / Entra ID.

2

SYNC & PROVISION

User and permissions sync to Vpod platform.

3

ACCESS ASSIGNED

Locker access rights are automatically assigned.

4

CREDENTIAL SENT

Access instructions sent via Outlook email.

5

USE LOCKER

Employee accesses locker using their credential.

6

AUDIT & REPORT

All activity captured in real-time for audit and compliance.
